

Illumination Accessories

You've never seen a nightlight that hides itself so cleverly, yet responds so elegantly to a simple touch. Or one that can be lifted from its home on your wall to double as a carry-around flashlight. When it comes to brilliant solutions, adorne really shines.

All nightlights include ambient light level sensors. Each features a range of settings, including: Always Off, Low, Medium, and High. If set to Low, Medium, or High, the nightlight's LED will only be visible when the ambient room is dark. To change the selected setting, simply push on the square in the upper right-hand corner of the nightlight.

Accent Nightlight

The Accent Nightlight is a stunning addition to any adorne product and is compatible with any* 1- through 4-Gang wall plate. The device is invisible once installed, but can be activated by placing a finger under the wall plate. This will cause the light to cycle through several light level options, as depicted in the chart below.
