Piano

Slide your fingers across the keys and enter an experience of illuminating imagination. A melody of light will entrance you as it flows out from the Piano Light.

The design is inspired by the piano keyboard, which allows users to play with light, as if they are playing with the music. Not only does the function take cue from the piano, the form also sports an elegant and classic look. The lighting panel is composed of independent units, each of which can work solo or in harmony. A simple and gentle tilt of the Piano Light, just like playing the piano, activates the illumination and fills the space with warm and tender light.

Table / PA01_D

White

Material	LED Color	LED Lifetime	Power Input	Switch	Luminous Flux
Polycarbonate, Stainless steel	Warm white	40,000 hours	AC: 100-240 V / 50-60 Hz DC: 15 V, 1.2 A	ON/OFF switch fitted on the power cord	580 lm
Kelvin	Net Weight		Power Consumption		Color Rendering Index
2700 K-3000 K	3.5 kg		15 W (max.)		> 80
